- MALON Football Championship
- Sidekick Sports Academy
- Wolves Futsal Club

Since 2012, Sidekick Sports Academy is a Non-Profit organization in Massachusetts that strives to provide community development efforts through the creation of recreational and competitive sports programs throughout New England.

Sidekick Soccer Academy utilizes all of the organic benefits that the game of soccer provides in a way that improves the quality of life of every player, coach, and family we meet.

'Kick with Care' is an outreach program whereby modifications to the game of soccer are provided so that children with special needs or anxiety and adults with disabilities can enjoy the world's most popular game on a weekly basis.

Sidekick works hard to keep programs like these affordable through the support of generous organizations and individuals like you.
